Surabaya, Jawa Timur, Indonesia

With a background in Computer Science and Data Analytics, I have a genuine passion for turning complex information into clear, useful insights. In my current role as an SCM Planner in fulfillment, I love finding creative ways to digitalize everyday tasks and make our operations run smoother. I am a problem-solver at heart who thrives on optimizing workflows to help my team work smarter, not harder. I am excited to bring my unique blend of hands-on supply chain experience and data expertise to a collaborative and innovative team.
